PROJECT OBJECTIVES

Team ID	PNT2022TMID38341
Project Name	A Novel Method for Handwritten Digit Recognition System

By the end of this project you will:

● Know fundamental concepts and techniques of the Artificial Neural Network and Convolutional Neural Networks

● Gain a broad understanding of image data.

● Work with Sequential type of modelling

● Work with Keras capabilities

● Work with image processing techniques

● Know how to build a web application using the Flask framework
